BRINGING BMX TO THE PEOPLE

Mat "Condor" Hoffman, ten-time world vert champ and BMX revolutionary, lives to bring BMX to the people. It started when he hooked a ramp to a diesel truck and toured the country performing at local county fairs and inventing many of the modern freestyle vert tricks. After that he created the Bicycle Stunt Series, the Crazy Freakin' Biker Series, and started Hoffman Bikes and the Hoffman Sports Association. The tradition continues with *Mat Hoffman's Pro BMX*.™ This time he's hooked up with seven of BMX's top pros—Escamilla, Kowalski, McCoy, Nastazio, Robinson, Tabron, and Thorne. Now you can ride as these pros, pulling off signature tricks on their sponsors bikes, and moving up the BMX ranks. It's PRO BMX—are you ready to ride?

STARTING UP

1. Turn OFF the POWER switch on your Nintendo Game Boy® Color. Never insert or remove a Game Pak while the power is on.
2. Insert the Mat Hoffman's Pro BMX Game Pak into the slot on the back of the Game Boy® Color with the label facing out. Press the Game Pak firmly to lock it in place.
3. Turn the Game Boy® Color POWER switch ON.
4. When the Mat Hoffman's Pro BMX title screen appears, press **START** to continue.

Note: The Mat Hoffman's Pro BMX Game Pak is for Game Boy® Color only.

Press **Up/Down** on the Control Pad to make a selection, then press the **A Button** to Accept. To return to the Main Menu from any other menu screen, press the **B Button**.

TRAINING

Select **Training** to test your abilities performing basic tricks, stunts, and combos in tutorial-style training sessions, and to get tips on scoring higher. Complete as many of the training exercises as possible to acquire all the skills needed to qualify for the CFB Final Tournament in your *Mat Hoffman's Pro BMX* career.

CAREER

When you first select Career mode you will be asked if you wish to continue an old game with a previous password or start a new game from the beginning.

Select **New** from the Career Mode Start screen and then choose one of eight professional riders, each with their own set of special tricks.

Career mode is divided into five main locations spread over eight levels of play, but only the HOFFMAN BIKE FACTORY can be selected at the start of a new game. Later levels will be unlocked when you earn enough covers and medals.

Select an available level with **Left/Right** on the Control Pad. Each level has a number of challenges that can be attempted in any order with the exception of completed challenges which are marked with a red line.

Use **Up/Down** and the **A Button** to select a challenge. You will be given the run objective. Press the **A Button** again to begin your run or press the **B Button** to return to the previous screen.

After each run, a Statistics screen is displayed that shows how many tricks were pulled off, the number of times you bailed, and any bonuses that are added to your score. Press the **B Button** to view a replay of your last run or press the **A Button** to continue.

If you successfully completed the challenge you will earn a cover and return to the Level Select screen where the completed challenge will then be crossed out.

The final challenge in each location is a contest where you must compete against seven of the greatest Pro BMX riders around. Finish in one of the top three positions to earn a medal.

You must earn covers and medals to unlock later levels and better bikes.

Collect three medals to allow entry into the CFB Tournament! You must progress through the vert and street trials to compete in the finals. Earn a Gold Medal in the Final to complete the game. This isn't as easy as it sounds. Remember, you're up against pro BMX riders!

At any time, you may use the **B Button** to return to the Main menu if you want to try one of the other game modes. Select **Continue** from the Career Mode Start screen if you want to carry on where you left off.

TIME TRIAL

Select Time Trial mode for a race against time to cross the finish line.

Collect covers in Career Mode to unlock Time Trial maps. Select a map, and then read the instructions.

You have to cross the checkered finish line before the timer expires.

Perform stunts over the jumps along the way to earn extra seconds.

When you cross the finish line you will race again, except this time you will have further to go to finish. Try to earn as many extra seconds as possible to start the next round with more time on the clock.

FREE RIDE

Once a location is unlocked, you can ride around in it with no time limit or objective.

Pause and **Quit** to exit.
